ABOUT ME

As an Informatics Engineering graduate from Sebelas Maret University, I have a strong foundation in software development and a passion for building impactful full-stack web applications. I am passionate about translating conceptual ideas into real-world products, with a keen focus on performance, clean code, and an intuitive user experience. My experience across the entire development stack has equipped me with excellent problem-solving abilities and a proven capacity to rapidly learn and integrate new technologies.

EDUCATION

Sebelas Maret University   **August 2022 - July 2025**
